

S. Lilin[®]

Infrared Illuminator

FEATURES :

- Indoor/Outdoor installation.
- High efficiency infrared LED, radiant distance - 18 meters.
- CDS auto activate infrared LED under 20lux light level.
- Aluminum housing case with IP 67 rating.
- Improve the image quality in low-light situations and in complete darkness.

SPECIFICATIONS :

INFRARED ILLUMINATOR		
Model No.	PRH-5218	
Power Input Voltage	DC12V (±10%)	
Radiant Distance	18M (59ft)	
Infrared LED	Peak Wavelength	850nm
	Quantity	21 Pcs
	Angle	30°
	Power On	CDS Auto Control
Window	φ 59 Heat Resistant Glass	
IP Rating	IP67	
Construction	Aluminum	
Power Consumption	2.0W	
Operating Temperature	-20°C ~ +60°C (-4°F ~ +140°F)	
Dimension	φ 65 x 65.1 mm	
Weight	160g	

* Any attempt to disassemble the illuminator may hamper the waterproof ability of the illuminator.
