

## VT-IR2-110

### 110VAC Halogen Infrared Illuminator

#### Features

- ❖ 200' Range with 65 Degree beam spread
- ❖ Near invisible 840nm - 1200nm wavelength
- ❖ Built-in fan with ventilation
- ❖ Photocell automatically detects darkness to preserve energy and lamp life
- ❖ Easy-to-find 110VAC halogen replacement bulb
- ❖ Wall Mount Available ([VT-IR2/110MT](#))

#### Description

The VT-IR2/110 Infrared Illuminator is designed to enable your B/W CCD camera to deliver useable images in absolute darkness. With a range of 200 feet this powerful illuminator is perfect for parking lots, driveways and perimeter illumination. Heavy-duty aluminum construction and a built-in fan with ventilation enable usage in most outdoor applications.

#### Specifications

<b>Wave Length</b>	840nm ~ 1200nm
<b>Beam Spread</b>	65°
<b>Range</b>	200 Feet
<b>Power On</b>	Automatic CDS Control
<b>Power Consumption</b>	1.36 Amps
<b>Lamp</b>	Halogen Type (Par38)
<b>Filter</b>	Heat Resistant Glass
<b>Lamp Lifetime</b>	Approximately 2000 hours
<b>Construction</b>	Aluminum
<b>Heat Dissipation</b>	Built-In fan / Ventilation Holes
<b>Operating Temperature</b>	-20° ~ 60°C (-4° ~ 140°F)
<b>Power Source</b>	117 VAC / 60 HZ
<b>Weight</b>	4.54 Kg. / 159.98 Oz. / 9.98 Lbs.
<b>Dimensions</b>	6.4" x 6.8" x 16.7" (WxHxL)
